About the Roadside – AMI Fall Youth Theater Lab: The Lab, held in Appalshop's historic Boone Building in downtown Whitesburg, KY, ran from October 25-November 19, 2016. The weekly workshop introduced our students (some stage veterans, some newcomers to playwriting and performance) to Roadside Theater's signature intergenerational story-to-performance training. All material for *What If There Was a Fire…?* was produced in ensemble story circles, group discussion, improvisation exercises, and timed monologue-writing.
